

What is my likely health outcome if I contract COVID 19?

[return](#)

$$L \times Co = R$$

$$40 \times 25 = 31$$

Snapshot

▼	Applies To	Question	Category	Weight	Present
↑	Likelihood	Comorbidity: I am obese (BMI score of greater than 30).		35 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I am overweight (BMI score of greater than 25 and less than 30).		20 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I have more than one comorbidity. Note: If you have ticked this indicator do not tick any other comorbidity.		65 ▼	<input checked="" type="checkbox"/>
↑	Likelihood	Comorbidity: I have a heart condition.		40 ▼	<input type="checkbox"/>
↑	Likelihood	My second COVID19 vaccination injection was received longer than 6 months ago.		40 ▼	<input type="checkbox"/>
↑	Likelihood	I am in the age group 12 - 17 years.		5 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I have an autoimmune disease.		30 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I have hypertension.		25 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I have kidney disease.		50 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I have diabetes.		45 ▼	<input type="checkbox"/>
↑	Likelihood	Comorbidity: I have a lung condition.		35 ▼	<input type="checkbox"/>
↑	Consequence	My likely consequence is feeling very unwell.		30 ▼	<input type="checkbox"/>
↑	Consequence	My likely consequence is feeling unwell.		20 ▼	<input checked="" type="checkbox"/>
↑	Consequence	My likely consequence is an asymptomatic interaction.		15 ▼	<input type="checkbox"/>
↑	Consequence	My likely consequence is time in an ICU, a period on a ventilator, and long term health impacts		60 ▼	<input type="checkbox"/>

	Consequence	My likely consequence is death.	80	<input type="checkbox"/>
	Consequence	My likely consequence is hospitalisation.	40	<input type="checkbox"/>
	Likelihood	My second COVID19 vaccination injection was received 6 months ago.	30	<input type="checkbox"/>
	Likelihood	My second COVID 19 vaccine injection was received 2 months ago.	10	<input type="checkbox"/>
	Likelihood	My second COVID 19 vaccine injection was received 5 months ago.	25	<input type="checkbox"/>
	Likelihood	My second COVID 19 vaccine injection was received 4 months ago.	20	<input type="checkbox"/>
	Likelihood	My second COVID 19 vaccine injection was received 3 months ago.	15	<input type="checkbox"/>
	Likelihood	My second COVID 19 vaccine injection was received 1 month ago.	5	<input checked="" type="checkbox"/>
	Likelihood	I am in the age group 50 - 59 years.	30	<input type="checkbox"/>
	Likelihood	I am in the age group 40 - 49 years.	20	<input type="checkbox"/>
	Likelihood	I am in the age group 0 - 17 years.	5	<input type="checkbox"/>
	Likelihood	I am in the age group 18 - 39 years.	10	<input type="checkbox"/>
	Likelihood	I am in the age group 60 - 69 years.	35	<input checked="" type="checkbox"/>
	Likelihood	I am in the age group 70 - 79 years.	45	<input type="checkbox"/>
	Likelihood	I am in the age group 80 - 90 years.	55	<input type="checkbox"/>
	Likelihood	Even though my vaccination immunity has lapsed my immune system is likely to remember the SARS-CoV2 virus and provide some protection for decades.	15	<input checked="" type="checkbox"/>
	Likelihood	I am a healthy weight (BMI score of greater than 18.5 but less than 24.9).	10	<input type="checkbox"/>
	Likelihood	I am underweight (BMI score of less than 18.5).	5	<input type="checkbox"/>
	Consequence	I have access to therapeutics if I contract COVID19.	40	<input type="checkbox"/>
	Likelihood	I have had one dose of a COVID 19 vaccine.	15	<input type="checkbox"/>
	Likelihood	I have had both doses of a COVID 19 vaccine.	25	<input checked="" type="checkbox"/>
	Likelihood	I wear a face mask whenever in indoor public spaces.	5	<input checked="" type="checkbox"/>
	Likelihood	I sanitise my hands regularly.	10	<input checked="" type="checkbox"/>
	Likelihood	I maintain social distance.	10	<input checked="" type="checkbox"/>
	Likelihood	I have had an antibody or serology test that confirms my immune system contains SARS-CoV-2 antibodies.	45	<input type="checkbox"/>

Risk Parameters

Name	Range	Description	Colour

Extreme	86-100	You have a extreme risk of contracting COVID19. You face the real risk of death.	100	
High	46-85	You have a high risk of contracting COVID19. You are likely to suffer long term health impacts.	85	
Moderate	16-45	You have a moderate risk of contracting COVID19. You are likely to suffer short term health impacts.	45	
Low	6-15	You have a low risk of contracting COVID19. You might experience feeling unwell.	15	
Very Low	0-5	You have a very low risk of contracting COVID19. You are unlikely to suffer any ill effects.	5
